

INTERNATIONAL CENTER OF
YORK COUNTY

The International Center of York County (ICYC) is a 501C3 non-profit agency. Our mission is to help empower the immigrant population so they can become independent members of our community. We assist non-English speaking clients, offer assistance to other agencies that offer services to this population and troubleshoot to try to identify areas of our community that we could improve for this underserved segment of our community. Here you are, living in the land of dreams, yet you feel hopeless. Maybe you don't speak English well; you have mostly been a stay at home mom who wants so badly to get away from the abuse, but you feel hopeless. Maybe you were the victim of a sexual assault and never sought help, and now it comes back to haunt you. Maybe your partner/husband/boyfriend actually got arrested for Criminal Domestic Violence, went to court, and opted to go to Batterer's Intervention Classes. Though you did not receive the help you needed to recover from domestic abuse and/or sexual assault. . M.A.M. is here to help you!

M.A.M.

Is a peer based support group and enrichment class that will help you to be strong again. We will help you learn the patterns and recognize behaviors of an abuser to help you from going from one abuser to another. We will help you see what your options are here in York County. We will help connect you with other agencies that can help you escape an abuser and counsel you to help recover from sexual trauma. We will teach you what to do in case of future abuse. Speakers from different organizations will come to speak to you about how they can help you...
